Dear Mr. Sarisohn:

We, at WGSM Call For Action, wish to thank you for your gracious generosity in offering your time and expertise during our recent Call For Action program. It is because of people like you that we, at WGSM Radio, are able to serve the community in providing information to individuals who might otherwise be without recourse.

I know you share with us the good feeling that comes from helping others and again, thank you for taking the time from your busy schedule to join us in our "Ask the Attorney" program. Your service is greatly appreciated and we hope to have your future support.

Cordially,

WGSM Call For Action
